## **New Product Launching **Biogrow® DPF™**** **High Vitamin D3 + Protein + Fiber Powder with Cocoa Flavour**

**Biogrow® DPF™** is a cocoa-flavoured health beverage high in protein, calcium, magnesium, vitamin D3 and fiber. **Biogrow® DPF™** is a high quality plant protein product as it is made from five premium ingredients, which are imported from USA (Soy Proteins – Non GMO sources), France (Non GMO source of Pea Protein & Fiber – Wheat Resistant Dextrin), Japan (Calcium), Germany (Magnesium) and Switzerland (Vitamin D3).

*Available in two pack sizes: 250g & 400g*

**Growing** children require sufficient protein intake from diet in order to optimize growth in height, and for the development of body tissues such as brain and immune cells. Protein also provides energy for active and healthy children for daily activities. Added with vitamin D3 and magnesium, **Biogrow® DPF™** provides bone building synergy for absorption and utilization of calcium in the body. The fiber in **Biogrow® DPF™** has the approval of Ministry of Health, Malaysia in promoting bowel movement among constipated kids and adults.

**Biogrow® DPF™** is naturally flavoured with cocoa powder with a rich chocolate and malt taste. It contains dextrose and malt extracts as source of instant energy for kids and active individuals of high metabolism. In addition, **Biogrow® DPF™** is dairy-free, lactose-free and is suitable for all ages, including vegetarians and people with lactose intolerance.

### **Grow Tall & Strong with Biogrow DPF!**

One scoop (about 25 g) of **Biogrow® DPF™** provides:

- ✓ More than 27 % of plant protein, with nine essential amino acids (which must be obtained from daily diet) to support optimum growth and development of muscles, antibodies and other structural tissues in the body.
- ✓ High in calcium – Building strong bones and teeth
- ✓ High in magnesium – Promoting calcium absorption and retention
- ✓ High in vitamin D3 – Increasing utilization of calcium and phosphorus in body
- ✓ High in fiber (wheat resistant dextrin) – Regulating bowel movement

***\*All health claims above are approved by MOH, Malaysia.***
